§ 80.42 Retention and access requirements for records.

- (a) *Applicability.* (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
- (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
- (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.
- (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §80.36(i)(10).
- (b) *Length of retention period.* (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.
- (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.
- (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.
- (4) A recipient that receives funds under a program subject to 20 U.S.C. 1232f (section 437 of the General Education Provisions Act) shall retain records for a minimum of three years after the starting date specified in paragraph (c) of this section.
- (c) *Starting date of retention period* —(1) *General.* When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee

or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) *Real property and equipment records.* The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) *Records for income transactions after grant or subgrant support.* In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

(4) *Indirect cost rate proposals, cost allocations plans, etc.* This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) *If submitted for negotiation.* If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) *If not submitted for negotiation.* If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) *Substitution of microfilm.* Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) *Access to records* —(1) *Records of grantees and subgrantees.* The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) *Expiration of right of access.* The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) *Restrictions on public access.* The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 80.43 Enforcement.

(a) *Remedies for noncompliance.* If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

T. C. A. § 10-7-503

§ 10-7-503. Inspection by citizens; confidentiality; availability; law enforcement personnel records

Effective: July 9, 2012

[Currentness](#)

(a)(1)(A) As used in this part and title 8, chapter 4, part 6, “public record or records” or “state record or records” means all documents, papers, letters, maps, books, photographs, microfilms, electronic data processing files and output, films, sound recordings or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by any governmental agency.

(B) “Public record or records” or “state record or records” does not include the device or equipment, including, but not limited to, a cell phone, computer or other electronic or mechanical device or equipment, that may have been used to create or store a public record or state record.

(2)(A) All state, county and municipal records shall, at all times during business hours, which for public hospitals shall be during the business hours of their administrative offices, be open for personal inspection by any citizen of this state, and those in charge of the records shall not refuse such right of inspection to any citizen, unless otherwise provided by state law.

(B) The custodian of a public record or the custodian’s designee shall promptly make available for inspection any public record not specifically exempt from disclosure. In the event it is not practicable for the record to be promptly available for inspection, the custodian shall, within seven (7) business days:

(i) Make the information available to the requestor;

(ii) Deny the request in writing or by completing a records request response form developed by the office of open records counsel. The response shall include the basis for the denial; or

(iii) Furnish the requestor a completed records request response form developed by the office of open records counsel stating the time reasonably necessary to produce the record or information.

(3) Failure to respond to the request as described in subdivision (a)(2) shall constitute a denial and the person making the request shall have the right to bring an action as provided in § 10-7-505.

(4) This section shall not be construed as requiring a governmental entity or public official to sort through files to compile information; however, a person requesting the information shall be allowed to inspect the nonexempt records.

(5) This section shall not be construed as requiring a governmental entity or public official to create a record that does not exist; however, the redaction of confidential information from a public record or electronic database shall not constitute a new record.

(6) A governmental entity is prohibited from avoiding its disclosure obligations by contractually delegating its responsibility to a private entity.

(7)(A) A records custodian may not require a written request or assess a charge to view a public record unless otherwise required by law; however, a records custodian may require a request for copies of public records to be in writing or that the request be made on a form developed by the office of open records counsel. The records custodian may also require any citizen making a request to view a public record or to make a copy of a public record to present a photo identification, if the person possesses a photo identification, issued by a governmental entity, that includes the person's address. If a person does not possess a photo identification, the records custodian may require other forms of identification acceptable to the records custodian.

(B) Any request for inspection or copying of a public record shall be sufficiently detailed to enable the records custodian to identify the specific records to be located or copied.

(C)(i) A records custodian may require a requestor to pay the custodian's reasonable costs incurred in producing the requested material and to assess the reasonable costs in the manner established by the office of open records counsel pursuant to § 8-4-604.

(ii) The records custodian shall provide a requestor an estimate of the reasonable costs to provide copies of the requested material.

(b) The head of a governmental entity may promulgate rules in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, to maintain the confidentiality of records concerning adoption proceedings or records required

to be kept confidential by federal statute or regulation as a condition for the receipt of federal funds or for participation in a federally funded program.

(c)(1) Except as provided in § 10-7-504(g), all law enforcement personnel records shall be open for inspection as provided in subsection (a); however, whenever the personnel records of a law enforcement officer are inspected as provided in subsection (a), the custodian shall make a record of such inspection and provide notice, within three (3) days from the date of the inspection, to the officer whose personnel records have been inspected:

(A) That such inspection has taken place;

(B) The name, address and telephone number of the person making such inspection;

(C) For whom the inspection was made; and

(D) The date of such inspection.

(2) Information made confidential by this chapter shall be redacted whenever possible, but the costs associated with redacting records or information, including the cost of copies and staff time to provide redacted copies, shall be borne as provided by current law.

(3) Any person making an inspection of such records shall provide such person's name, address, business telephone number, home telephone number, driver license number or other appropriate identification prior to inspecting such records.

(d)(1) All records of any association or nonprofit corporation described in § 8-44-102(b)(1)(E)(i) shall be open for inspection as provided in subsection (a); provided, that any such organization shall not be subject to the requirements of this subsection (d) so long as it complies with the following requirements:

(A) The board of directors of the organization shall cause an annual audit to be made of the financial affairs of the organization, including all receipts from every source and every expenditure or disbursement of the money of the organization, made by a disinterested person skilled in such work. Each audit shall cover the period extending back to the date of the last preceding audit and it shall be paid out of the funds of the organization;

(B) Each audit shall be conducted in accordance with the standards established by the comptroller of the treasury pursuant to § 4-3-304(9) for local governments;

(C) The comptroller of the treasury, through the department of audit, shall be responsible for ensuring that the audits are prepared in accordance with generally accepted governmental auditing standards, and determining whether the audits meet minimum audit standards which shall be prescribed by the comptroller of the treasury. No audit may be accepted as meeting the requirements of this section until such audit has been approved by the comptroller of the treasury;

(D) The audits may be prepared by a certified public accountant, a public accountant or by the department of audit. If the governing body of the municipality fails or refuses to have the audit prepared, the comptroller of the treasury may appoint a certified public accountant or public accountant or direct the department to prepare the audit. The cost of such audit shall be paid by the organization;

(E) Each such audit shall be completed as soon as practicable after the end of the fiscal year of the organization. One (1) copy of each audit shall be furnished to the organization and one (1) copy shall be filed with the comptroller of the treasury. The copy of the comptroller of the treasury shall be available for public inspection. Copies of each audit shall also be made available to the press; and

(F) In addition to any other information required by the comptroller of the treasury, each audit shall also contain:

(i) A listing, by name of the recipient, of all compensation, fees or other remuneration paid by the organization during the audit year to, or accrued on behalf of, the organization's directors and officers;

(ii) A listing, by name of recipient, of all compensation and any other remuneration paid by the organization during the audit year to, or accrued on behalf of, any employee of the organization who receives more than twenty-five thousand dollars (\$25,000) in remuneration for such year;

(iii) A listing, by name of beneficiary, of any deferred compensation, salary continuation, retirement or other fringe benefit plan or program (excluding qualified health and life insurance plans available to all employees of the organization on a nondiscriminatory basis) established or maintained by the organization for the benefit of any of the organization's directors, officers or employees, and the amount of any funds paid or accrued to such plan or program during the audit year; and

(iv) A listing, by name of recipient, of all fees paid by the organization during the audit year to any contractor, professional advisor or other personal services provider, which exceeds two thousand five hundred dollars (\$2,500) for such year. Such listing shall also include a statement as to the general effect of each contract, but not the amount paid or payable thereunder.

(2) This subsection (d) shall not apply to any association or nonprofit corporation described in § 8-44-102(b)(1)(E)(i), that employs no more than two (2) full-time staff members.

(3) This subsection (d) shall not apply to any association, organization or corporation that was exempt from federal income taxation under § 501(c)(3) of the Internal Revenue Code, codified in 26 U.S.C. § 501(c)(3), as of January 1, 1998, and which makes available to the public its federal return of organization exempt from income tax (Form 990) in accordance with the Internal Revenue Code and related regulations.

(e) All contingency plans of law enforcement agencies prepared to respond to any violent incident, bomb threat, ongoing act of violence at a school or business, ongoing act of violence at a place of public gathering, threat involving a weapon of mass destruction, or terrorist incident shall not be open for inspection as provided in subsection (a).

(f) All records, employment applications, credentials and similar documents obtained by any person in conjunction with an employment search for a director of schools or any chief public administrative officer shall at all times, during business hours, be open for personal inspection by any citizen of Tennessee, and those in charge of such records shall not refuse such right of inspection to any citizen, unless otherwise provided by state law. For the purposes of this subsection (f), the term “person” includes a natural person, corporation, firm, company, association or any other business entity.

(D) The protection document presented must at the time of presentation be in full force and effect. The records custodian may assume that a protection document is in full force and effect if it is on the proper form and if on its face it has not expired.

(E) Upon being presented with a valid protection document, the record custodian may accept receipt of it. If the records custodian does not accept receipt of such document, the records custodian shall explain to the person presenting the document why receipt cannot be accepted and that the identifying information concerning such person will not be maintained as confidential. If the records custodian does accept receipt of the protection document, such records custodian shall maintain it in a separate file containing in alphabetical order all protection documents presented to such custodian pursuant to this subdivision (a)(16). Nothing in this subdivision (a)(16) shall be construed as prohibiting a records custodian from maintaining an electronic file of such protection documents; provided, that the custodian retains the original document presented.

A records custodian receiving such notification shall remove the protection document concerning such person from the file maintained pursuant to subdivision (a)(16)(E), and the identifying information about such person shall be treated in the same manner as identifying information maintained by the governmental entity about other persons. Before removing the protection document and releasing any identifying information, the records custodian of the governmental entity shall require that the person requesting release of the identifying information maintained as confidential produce sufficient identification to satisfy such records custodian that that person is the same person as the person to whom the document was originally granted.

(G)(i) After July 1, 1999, if:

(2) Information made confidential by this subsection (i) shall be redacted wherever possible and nothing in this subsection (i) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains confidential information.

(3) Documents concerning the cost of protecting government property or electronic information, and the identity of vendors providing goods and services used to protect government property or electronic information shall not be confidential.

(j)(1) Notwithstanding any other law to the contrary, identifying information compiled and maintained by the department of correction and the board of parole concerning any person shall be confidential when the person has been notified or requested that notification be provided to the person regarding the status of criminal proceedings or of a convicted felon incarcerated in a department of correction institution, county jail or workhouse or under state supervised probation or parole pursuant to § 40-28-505, § 40-38-103, § 40-38-110, § 40-38-111, § 41-21-240 or § 41-21-242.

(2) For purposes of subdivision (j)(1), “identifying information” means the name, home and work addresses, telephone numbers and social security number of the person being notified or requesting that notification be provided.

(k) The following information regarding victims who apply for compensation under the Criminal Injuries Compensation Act,

compiled in title 29, chapter 13, shall be treated as confidential and shall not be open for inspection by members of the public:

- (1) Residential information, including the street address, city, state and zip code;
- (2) Home telephone and personal cell phone numbers;
- (3) Social security number; and
- (4) The criminal offense from which the victim is receiving compensation.

(l)(1) All applications, certificates, records, reports, legal documents and petitions made or information received pursuant to title 37 that directly or indirectly identifies a child or family receiving services from the department of children's services or that identifies the person who made a report of harm pursuant to § 37-1-403 or § 37-1-605 shall be confidential and shall not be open for public inspection, except as provided by §§ 37-1-131, 37-1-409, 37-1-612, 37-5-107 and 49-6-3051.

(2) The information made confidential pursuant to subdivision (l)(1) includes information contained in applications, certifications, records, reports, legal documents and petitions in the possession of not only the department of children's services but any state or local agency, including, but not limited to, law enforcement and the department of education.

(m)(1) Information and records that are directly related to the security of any government building shall be maintained as confidential and shall not be open to public inspection. For purposes of this subsection (m), "government building" means any building that is owned, leased or controlled, in whole or in part, by the state of Tennessee or any county, municipality, city or other political subdivision of the state of Tennessee. Such information and records include, but are not limited to:

- (A) Information and records about alarm and security systems used at the government building, including codes, passwords, wiring diagrams, plans and security procedures and protocols related to the security systems;
- (B) Security plans, including security-related contingency planning and emergency response plans;
- (C) Assessments of security vulnerability;

(D) Information and records that would identify those areas of structural or operational vulnerability that would permit unlawful disruption to, or interference with, the services provided by a governmental entity; and

(E) Surveillance recordings, whether recorded to audio or visual format, or both, except segments of the recordings may be made public when they include an act or incident involving public safety or security or possible criminal activity. In addition, if the recordings are relevant to a civil action or criminal prosecution, then the recordings may be released in compliance with a subpoena or an order of a court of record in accordance with the Tennessee rules of civil or criminal procedure. The court or administrative judge having jurisdiction over the proceedings shall issue appropriate protective orders, when necessary, to ensure that the information is disclosed only to appropriate persons. Release of any segment or segments of the recordings shall not be construed as waiving the confidentiality of the remaining segments of the audio or visual tape.

(2) Information made confidential by this subsection (m) shall be redacted wherever possible and nothing in this subsection (m) shall be used to limit or deny access to otherwise public information because a file or document contains confidential information.

(n)(1) Notwithstanding any law to the contrary, the following documents submitted to the state in response to a request for proposal or other procurement method shall remain confidential after completion of the evaluation period:

(A) Discount, rebate, pricing or other financial arrangements at the individual drug level between pharmaceutical manufacturers, pharmaceutical wholesalers/distributors, and pharmacy benefits managers, as defined in § 56-7-3102, that a proposer:

(i) Submits to the state in response to a request for proposals or other procurement methods for pharmacy-related benefits or services;

(ii) Includes in its cost or price proposal, or provides to the state after the notice of intended award of the contract is issued, where the proposer is the apparent contract awardee; and

(iii) Explicitly marks as confidential and proprietary; and

(B) Discount, rebate, pricing or other financial arrangements at the individual provider level between health care providers and health insurance entities, as defined in § 56-7-109, insurers, insurance arrangements and third party administrators that a proposer:

(i) Submits to the state in response to a request for proposals or other procurement method after the notice of intended award of the contract is issued, where the proposer is the apparent contract awardee, in response to a request by the state

for additional information; and

(ii) Explicitly marks as confidential and proprietary.

(2)(A) Information made confidential by subdivision (n)(1) shall be redacted wherever possible; and nothing contained in this subsection (n) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains confidential information. The confidentiality established by subdivision (n)(1)(B) is applicable only to information submitted to the state after completion of the evaluation period; and provision of the notice of intended award of the contract and such information shall only be used to validate the accuracy of the apparent contract awardee's proposal and shall not be used to alter the scope of the information required by the state's procurement document requesting proposals. Any report produced by the state, or on the state's behalf, utilizing the information made confidential by subdivision (n)(1)(B) shall not be considered confidential hereunder so long as such report is disclosed in an aggregate or summary format without disclosing discount, rebate, pricing or other financial arrangements at the individual provider level.

(B) The comptroller of the treasury, for the purpose of conducting audits or program evaluations, shall have access to the discount, rebate, pricing and descriptions of other financial arrangements cited in this subsection (n) as submitted in a procurement or as a report to the contractor; provided, however, that no official, employee or agent of the state of Tennessee may release or provide for the release, in any form, of information subject to confidential custody under this subsection (n).

(o)(1) Except as provided in subdivisions (o)(2)-(4), the following information and records are confidential, not open or available for public inspection and shall not be released in any manner:

(A) All information contained in any application for a handgun carry permit issued pursuant to [§ 39-17-1351](#), a permit renewal application, or contained in any materials required to be submitted in order to obtain such a permit;

(B) All information provided to any state or federal agency, to any county, municipality, or other political subdivision, to any official, agent, or employee of any state or federal agency, or obtained by any state or federal agency in the course of its investigation of an applicant for a handgun carry permit; and

(C) Any and all records maintained relative to an application for a handgun carry permit issued pursuant to [§ 39-17-1351](#), a permit renewal application, the issuance, renewal, expiration, suspension, or revocation of a handgun carry permit, or the result of any criminal history record check conducted under this part.

(2) Any information or other records regarding an applicant or permit holder may be released to a law enforcement agency for the purpose of conducting an investigation or prosecution, or for determining the validity of a handgun carry permit, or to a child support enforcement agency for purposes of child support enforcement, but shall not be publicly disclosed except as evidence in a criminal or child support enforcement proceeding.

(3) Any person or entity may request the department of safety to search its handgun permit holder database to determine if a named person has a Tennessee handgun carry permit, as of the date of the request, if the person or entity presents with the request a judgment of conviction, criminal history report, order of protection, or other official government document or record that indicates the named person is not eligible to possess a handgun carry permit under the requirements of § 39-17-1351.

(4) Nothing in this subsection (o) shall prohibit release of the handgun carry permit statistical reports authorized by § 39-17-1351(s).

(p) Information, records, and plans that are related to school security, the district-wide school safety plans or the building-level school safety plans shall not be open to public inspection. Nothing in this part shall be interpreted to prevent school administrators of an LEA from discussing or distributing information to parents or legal guardians of children attending the school regarding procedures for contacting or obtaining a child following a natural disaster.

(q)(1) Where a defendant has plead guilty to, or has been convicted of, and has been sentenced for a sexual offense or violent sexual offense specified in § 40-39-202, the following information regarding the victim of the offense shall be treated as confidential and shall not be open for inspection by members of the public:

(A) Name, unless waived pursuant to subdivision (q)(2);

(B) Home, work and electronic mail addresses;

(C) Telephone numbers;

(D) Social security number; and

(E) Any photographic or video depiction of the victim.

(2)(A) At any time after the defendant or defendants in a case have been sentenced for an offense specified in subdivision (q)(1), the victim of such offense whose name is made confidential pursuant to subdivision (q)(1)(A) may waive such provision and allow the victim's name to be obtained in the same manner as other public records.

(B) The district attorney general prosecuting the case shall notify the victim that the victim has the right to waive the confidentiality of the information set forth in subdivision (q)(1)(A).

(C) If the victim executes a written waiver provided by the district attorney general's office to waive confidentiality pursuant to subdivision (q)(2)(A), the waiver shall be filed in the defendant's case file in the office of the court of competent jurisdiction.

(3) Nothing in this subsection (q) shall prevent the district attorney general or attorney general and reporter and counsel for a defendant from providing to each other in a pending criminal case or appeal, where the constitutional rights of the defendant require it, information which otherwise may be held confidential under this subsection (q).

(4) Nothing in this subsection (q) shall be used to limit or deny access to otherwise public information because a file, document, or data file contains some information made confidential by subdivision (q)(1); provided, that confidential information shall be redacted before any access is granted to a member of the public.

(5) Nothing in this subsection (q) shall be construed to limit access to records by law enforcement agencies, courts, or other governmental agencies performing official functions.

(r) Notwithstanding any provision to the contrary, any bank account information that is received, compiled, or maintained by a state governmental agency, shall be confidential and shall not be an open record for inspection by members of the public. The bank account information that shall be kept confidential includes, but is not limited to, debit card numbers and any related personal identification numbers (PINs) or authorization codes, bank account numbers, and transit routing numbers.

(s) The records of the insurance verification program created pursuant to the James Lee Atwood Jr. Law, compiled in title 55, chapter 12, part 2, in the possession of the department of revenue or its agent, the department of safety, the department of commerce and insurance, law enforcement, and the judiciary pursuant to the James Lee Atwood Jr. Law, shall be treated as confidential and shall not be open for inspection by members of the public. Subsection (c) shall not apply to the records described in this subsection (s).

T. C. A. § 10-7-505

§ 10-7-505. Procedures for obtaining access to public records; penalty for willful refusal to disclose

Effective: July 1, 2008

Currentness

(a) Any citizen of Tennessee who shall request the right of personal inspection of any state, county or municipal record as provided in § 10-7-503, and whose request has been in whole or in part denied by the official and/or designee of the official or through any act or regulation of any official or designee of any official, shall be entitled to petition for access to any such record and to obtain judicial review of the actions taken to deny the access.

(b) Such petition shall be filed in the chancery court or circuit court for the county in which the county or municipal records sought are situated, or in any other court of that county having equity jurisdiction. In the case of records in the custody and control of any state department, agency or instrumentality, such petition shall be filed in the chancery court or circuit court of Davidson County; or in the chancery court or circuit court for the county in which the state records are situated if different from Davidson County, or in any other court of that county having equity jurisdiction; or in the chancery court or circuit court in the county of the petitioner's residence, or in any other court of that county having equity jurisdiction. Upon filing of the petition, the court shall, upon request of the petitioning party, issue an order requiring the defendant or respondent party or parties to immediately appear and show cause, if they have any, why the petition should not be granted. A formal written response to the petition shall not be required, and the generally applicable periods of filing such response shall not apply in the interest of expeditious hearings. The court may direct that the records being sought be submitted under seal for review by the court and no other party. The decision of the court on the petition shall constitute a final judgment on the merits.

(c) The burden of proof for justification of nondisclosure of records sought shall be upon the official and/or designee of the official of those records and the justification for the nondisclosure must be shown by a preponderance of the evidence.

(d) The court, in ruling upon the petition of any party proceeding hereunder, shall render written findings of fact and conclusions of law and shall be empowered to exercise full injunctive remedies and relief to secure the purposes and intentions of this section, and this section shall be broadly construed so as to give the fullest possible public access to public records.

(e) Upon a judgment in favor of the petitioner, the court shall order that the records be made available to the petitioner unless:

(1) There is a timely filing of a notice of appeal; and

(2) The court certifies that there exists a substantial legal issue with respect to the disclosure of the documents which ought to be resolved by the appellate courts.

(f) Any public official required to produce records pursuant to this part shall not be found criminally or civilly liable for the release of such records, nor shall a public official required to release records in such public official's custody or under such public official's control be found responsible for any damages caused, directly or indirectly, by the release of such information.

(g) If the court finds that the governmental entity, or agent thereof, refusing to disclose a record, knew that such record was public and willfully refused to disclose it, such court may, in its discretion, assess all reasonable costs involved in obtaining the record, including reasonable attorneys' fees, against the nondisclosing governmental entity. In determining whether the action was willful, the court may consider any guidance provided to the records custodian by the office of open records counsel as created in title 8, chapter 4.

§ 10-7-506. Right to copy records; notice of release; additional fees

Effective: July 9, 2012

[Currentness](#)

(a) In all cases where any person has the right to inspect any such public records, such person shall have the right to take extracts or make copies thereof, and to make photographs or photostats of the same while such records are in the possession, custody and control of the lawful custodian thereof or such custodian's authorized deputy; provided, that the lawful custodian of such records shall have the right to adopt and enforce reasonable rules governing the making of such extracts, copies, photographs or photostats.

(b) Within ten (10) days of the release of public records originating in the office of the county assessor of property, the state agency releasing such records shall notify, in writing, the assessor of property of the county in which such records originated of the records released and the name and address of the person or firm receiving the records. The reporting requirements of this subsection (b) shall not apply when county or city summary assessment information is released.

(c)(1) If a request is made for a copy of a public record that has commercial value, and such request requires the reproduction of all or a portion of a computer generated map or other similar geographic data that was developed with public funds, a state department or agency or a political subdivision of the state having primary responsibility for the data or system may establish and impose reasonable fees for the reproduction of such record, in addition to any fees or charges that may lawfully be imposed pursuant to this section. The additional fees authorized by this subsection (c) may not be assessed against individuals who request copies of records for themselves or when the record requested does not have commercial value. State departments and agencies and political subdivisions of the state may charge a reasonable fee (cost of reproduction only) for information requested by the news media for news gathering purposes (broadcast or publication).

(2) The additional fees authorized by this subsection (c) shall relate to the actual development costs of such maps or geographic data and may include:

(A) Labor costs;

(B) Costs incurred in design, development, testing, implementation and training; and

(C) Costs necessary to ensure that the map or data is accurate, complete and current, including the cost of adding to, updating, modifying and deleting information.

(3) The development cost recovery set forth above shall be limited to not more than ten percent (10%) of the total development costs unless additional development cost recovery between ten percent (10%) and twenty percent (20%) is approved by the following procedures: For state departments and agencies, the information systems council (ISC) shall review a proposed business plan explaining the need for the additional development cost recovery. If the ISC approves additional development cost recovery, such recovery shall be submitted to the general assembly for approval. For political subdivisions of the state, approval for additional development cost recovery as contained in a proposed business plan must be obtained from the governing legislative body. If the governing legislative body approves additional development cost recovery, such recovery shall be submitted to the ISC for approval. The development costs of any system being recovered with fees authorized by this section shall be subject to audit by the comptroller of the treasury, it being the legislative intent that once such additional fees have paid the portion of the development costs authorized above, such fees shall be adjusted to generate only the amount necessary to maintain the data and ensure that it is accurate, complete and current for the life of the particular system. Notwithstanding the limitations above, the recovery of maintenance costs shall not be subject to the limitations and procedures provided above for the recovery of development costs.

(4) As used in this subsection (c), “record that has commercial value” means a record requested for any purpose other than:

(A) A non-business use by an individual; and

(B) A news gathering use by the news media.
